STAT

Allow me to offer my congratulations and those of your colleagues in FBIS on your selection as a recipient of an FBIS Special Achievement Award with cash emolument of \$300.

This award is in recognition of the exemplary manner in which you performed many of the supervisory and administrative duties of the communications section, in addition to your normal duties as communications operator, during the prolonged absence of the section supervisor. The initiative and dedication you displayed were a significant factor in the continued smooth operation of the section during a period of acute staffing problems.

Congratulations on this achievement, of which you can be justly proud.

Sincerely,

Director
